Price: £85,000

Accommodation

Detail

Construction, Mechanical and Rigging

Construction:

Jeanneau Sun Odyssey 45.2, built in 2002 by Chantiers Jeanneau to a design by Philippe Briand.
Iron ballast fin keel. The keel is protected from corrosion by an epoxy treatment.
GRP balanced spade rudder with stainless steel stock and two self-aligning bearings.

The hull is built from hand-laid solid laminate monolithic fibreglass. Stresses are distributed over the whole bottom surface by means of floors integral with the hull. The hull is finished in a white gelcoat with blue waterline hull stripes. The deck and superstructure is constructed using GRP with a balsa-wood sandwich for increased insulation against heat and sound. Hard wood inserts are positioned beneath any deck fittings. The deck is joined to the hull by polyester bonding and further reinforced by a bolted aluminium toe-rail. The cockpit sole and bathing platform are overlaid in teak with further teak on the cockpit seating.

All seacocks below waterline replaced September 2019

Mechanical:

Yanmar 4JH 3TE 75 HP diesel engine, conventional shaft drive to a fixed three bladed propeller.

Cruising speed: approx 7 knots @ 2,200rpm

Maximum speed: approx 7.5 knots

Fuel consumption @ cruising speed: ¾ gallon per hour

Fisher Panda 4KVA Generator complete with fresh water flush connection. Own desperate 12v belt start

Electrics:

2 x 12v Domestic batteries 360A/H and 1 x 12v engine 50AH battery (All Exide Batteries - Replaced 2015) - Switched

Solar panel

Sterling 40 amp/hr Pro-charger Battery charger

80 amp/hr Engine alternator

Shore-power & 3 x 20 metre cables

DC panel with voltmeter and Ammeters for alternator and battery charger

AC panel with voltmeter

Water:

Hot and cold pressurised water supply.

Hot water via engine calorifier and 240v immersion heater.

Spars and Rigging:

Sparcraft aluminium anodised spars

Deck-stepped masthead rig with two sets of swept-back spreaders

In-mast furling

Genoa roller furling

Stainless steel 1x19 wire standing rigging with bottle-screw protectors - Replaced 2013.

Split stainless steel wire backstay (2013)

Rod-vang with Harken block & tackle adjustment

Harken cockpit-adjustable genoa tracks

Harken jib tracks on foredeck

Harken mainsheet system with adjustable traveller

Spinlock jammers

Sails Wardrobe:

Furling Mainsail - New 2008

Genoa (130%) - New 2008
