Eberspaecher Heater

The Sealine F33 Flybridge is a classic example of this brilliant Sealine flybridge motor yacht design.
This particular vessel is running two Volvo Penta KAD42s ' on outdrive propulsion. An extended flybridge provides deep, safe seating, a large sunbed & stores the cockpit canopy & table.
The flybridge provides excellent visibility when using the upper helm. Molded stairs provide safe access from the cockpit, which has 'L' shaped seating, storage lockers & a large engine access cover.

Cockpit & Flybridge

- Flybridge: Dual helm station, bench seating, and sunbathing area
- Cockpit: Spacious with seating, access to engine bay and swim platform
- Swim Platform: Integrated, with swim ladder and optional shower
- Canopy: Often fitted with full camper cover/enclosure

Notable Features

- Compact yet spacious flybridge cruiser
- Ideal for coastal cruising and family holidays
- Twin-engine configuration for safety and handling
- Practical design with good storage
- Reliable and durable build quality

Saloon

The saloon & galley allow maximum use of space, while at the same time offering versatility with a built-in hob, oven/grill, sinks, plus high & low level storage - all designed to blend with the layout of the saloon.

Forward & mid cabin provide two double berths with a toilet / shower compartment accessible from both. By clever use of the saloon seating a third double berth is available when needed.

The deck layout allows safe, easy movement when mooring, with well-positioned handrails & a full-length pulpit rail with guard wire providing additional safety. She is fitted with a bow thruster to aid maneuverability & docking.

The Eberspächer warm air heating system facilitates enjoyable time afloat throughout the seasons.
