Falcon FALCON 80

Broker Remarks

This well-maintained Italian-built **Falcon 80 (1993)** offers generous interior volume, wide beam comfort and a practical 4-cabin layout ideal for private or family cruising. Powered by **twin MAN 1000 HP engines (approx. 2350 hrs)**, the yacht delivers smooth handling and solid cruising performance.

Equipment includes **two Onan 22 kW generators (approx. 4200 hrs)**, a **Delphin watermaker producing 360 L/h**, and **Techma electric toilets** throughout. The guest accommodation consists of **3 double cabins and 1 single cabin**, sleeping 7 guests, plus **separate crew quarters** for 4.

Recent maintenance includes a **general service in 2024** and generator refurbishment in 2022. Exterior features include teak decks, cockpit table, cushions, solar panel, and an electric windlass with 120 m chain. A **3.80 m Zodiac tender with 40 HP Yamaha** is included.

A solid example of the Falcon 80 series, lying in Bodrum, ready for inspections.

Accommodation

The yacht offers a practical and comfortable 4-cabin guest layout comprising **3 double cabins and 1 single cabin**, providing accommodation for **7 guests**. The three double cabins feature en-suite bathrooms, while the single cabin shares a separate head and shower. The interior is equipped with **air-conditioning**, **heating**, ample storage and a fully equipped galley.

Crew accommodation is located separately and includes **2 cabins with 4 berths**, ensuring privacy between guests and crew. Additional features include Techma electric toilets throughout, hot and cold water system, and a 2000 L freshwater capacity.

Mechanical and Rigging

Twin MAN 1000 HP diesel engines with approximately 2350 hours, delivering a cruising speed of 18 knots and maximum speed of 22 knots. Shaft drive propulsion. Two Onan 22 kW generators with around 4200 hours provide reliable onboard power. Fuel capacity 3000 L. Hydraulic steering system. Equipped with a Delphin watermaker producing 360 L/h and full Techma electric toilets. Engine and generator services completed in 2024, with generator refurbishment in 2022.
