Beneteau Beneteau Oceanis

Broker Remarks

This Beneteau Oceanis 343 Clipper 3 cabin lifting keel yacht has had 2 careful owners from new, comes complete with an extensive inventory, is in excellent condition and ready to be sailed away. The lifting keel option is of huge advantage to those looking for a very flexible cruising boat. Drawing just 1.2m in the up position and the option to dry out means flexible berthing and you can explore those hard to reach shallow areas of the coastline. She was lifted for the winter at the beginning of November 2013 and has already been antifouled, ready to go for the 2014 season even coming with a full tank of diesel. A pre-purchase survey was conducted in April 2012 and is available on request.

Owners remarks: Aurora was our first boat and we have enjoyed sailing her, mainly around the Solent. She was always bought with the intention to upgrade to a larger boat once the family had become accustomed to sailing. We are only selling as we have just purchased the larger yacht. She is an easy boat to sail and can easily be sailed short or single handed. Currently ashore in Northney Marina, Hayling Island she is available for viewings contact Simon Flowers from Network Yacht Brokers Chichester directly on 02392 637466
