"Lucienne" has been well maintained by current owners and her two previous owners. Sandblasted 2008 to remove build up of antifoul then several coats of epoxy as recommended by surveyor. Last survey March 2016 for insurance. Anti fouled March 2017, full service history. Last date dried out and ashore January to April 2017. Current owners bought her 2007, she has sailed Solent, Brittany, West Country, well maintained, a pleasure to own her. Only selling due to lack of crew. Small ships registered. 2016 survey, surveyor said "she has

seen careful use, good care and a good level of upkeep and maintenance, all recommendations have been attended too, hull low moisture readings, 2016 survey can be made available"

A beautiful example of this classic true cruising family boat. Needs to be viewed to be appreciated.
