The 6.5WA is a great all rounder, with good performance from her 150hp Yamaha Electronic Shift engine coupled with the ski arch, s/steel swim steps and cockpit shower making water sports easy and enjoyable. If you are seeking a sociable and flexible spaces this boat can deliver, with two pull down bench seats aft that create U shaped seating around the cockpit table for lunch, if further seating is required both the helm and navigators seats can be pivoted round. In addition there are two generous sun beds on the bow with adjustable backrests for lounging. If you fancy a spot of fishing this boat can easily adapt, just fold away the bench seats for more deck space and make the most of the two rod holders and self draining locker on the port swim platform for any fish or items you would prefer to keep out of the cockpit.

Down below there is a good sized V berth which is enhanced by the double berth conversion insert to make a large flat berth. There is also space for a chemical toilet and has a opening port hole for ventilation.
