## **Remarks :**

HIGH SPEC - Available now the hydraulic swing keel Jeanneau 349 in stock at our Swansea office, the ingenious new keel configuration opens up a wide sailing area whilst even outperforming the traditional deep draft fixed keel, all of the benefits with none of the usual drawbacks. This particular boat is the 2 cabin version equipped to a very high standard listed below and the price includes commissioning so is a true sail away price with no additional equipment required.

With plenty of interior volume thanks to its inverse sheer, large opening portholes and intelligently concealed stowage coupled to a Marc Lombard designed hard chine hull with twin wheels for performance this is a really good family cruiser.
