** LIBOR means the London Interbank Offer Rate and is the interest rate banks offer to lend funds (short-term loans) to one another in the international market. The LIBOR is set every day at 11am by a variety of international banks using electronic short-term lending rates (over different maturities: overnight, one week, and 1, 3, 6 and 12 months) and the most common rates are shown. The LIBOR can be found on a number of websites including <http://www.global rates.com>
