Wash basin

## Remarks :

Tarka is a lovely example of the popular Bavaria 40 Vision model fully equipped and ready to sail she benefits from a very large owners cabin and a spacious VIP cabin to the stern. A yacht that really belies her size offering at the same time both being easy to handle in close quarters and feeling like a bigger yacht than her size would suggest both at sea and when spending time relaxing aboard.

When you first step on board you'll notice how the cockpit seating stretches out before you and around the large folding cockpit table offering you and your crew plenty of room, made even easier through the twin wheels, the side decks are easy and uncluttered and sail handling is also made easy by the Lewmar self tailing winches fitted - but its only when you step below that you'll really understand what the Vision is about, with its soft upholstery and warm wood its the space below, particularly in the cabins, that should be seen to be appreciated, this is what the Bavaria 40 Vision is all about - space, light and comfort. A superb take on a cruising sailing yacht she really is.

This particular boat is equipped with the Fin keel, Eberspacher heating, Full electronics suite, Cockpit enclosure and has only run 400 hours on her engine.

A rare opportunity to own this well sought after model.

Part Exchange Considered and Finance Available.
