- **Heating:**

# Ocean Ocean 30

## Broker Remarks

Oceanics were intended for long distance passage making and have capacity to carry much water and food. Several have crossed the Atlantic and one circumnavigation.

Famous in the 70s, none have foundered and all are still going strong. Much work has been done to improve looks both internally and externally.

Very comfortable boat to sail, moor or pull out of boat.

Free moorings 100m from shore.
