Construction, Mechanical and Rigging

Construction:

Fairline Targa 50 Gran Turismo, built by Fairline UK in 2012 (2012 Model)
Design, layout and detailing by the Fairline Design Team.
Naval architecture and structural engineering by Bernard Olesinki.
GRP hull, deck and superstructure

Mechanical:

Powered by twin Volvo Penta D-9 575hp diesel engines.
Shaft drive
Bennett trim tabs
Side-power bow thruster
Side-power stern thruster
13.5kv Upgraded Generator

Electrical System

230 - 240V 50Hz

- All 240V, 24V and 12V circuits (where applicable) protected by circuit breakers with main electrical load control panel
- Emergency VHF radio - 12V power supply
- Generator 13.5kW
- Heavy duty circuit breakers
- Isolating switches to all batteries

12 Volt

- Voltage dropper from domestic batteries

24 Volt

- Batteries - 2 x heavy duty batteries exclusively for port engine starting
- Batteries - 2 x heavy duty batteries exclusively for starboard engine starting
- Batteries - 4 x heavy duty batteries wired in parallel supplying domestic services and port engine starting
- Circuit breaker for anchor winch
- Emergency battery coupling system permits each engine to start from opposite battery bank
- Regulated charger 100amp

****All Batteries replaced in 2016****

240 Volt

- Polarity check and earth leakage protection system
- Power points throughout the boat (fed from shore power or generator)
- Regulated 75amp charger for domestic batteries
- Shore power supply
- Spare circuit breakers for additional equipment.

Inventory

Fuel System

Changeover valve system to permit each engine to draw fuel from, and return fuel to, either tank • Emergency fuel shut-off valves accessible via cable operated remote control • High capacity water separators and fuel filters • Individual fillers and vents to port and starboard • Twin fuel tanks

Freshwater System

Automatic, pressurised supply • Calorifier hot water system • Water tank(s)

Remarks :

'Escapade', a Fairline Targa 50 GT, 2012 model based here at Conwy Marina, North Wales offers a full Mediterranean specification and the following key features:-

- Electric retractable roof with one-touch operation and pneumatic seal
- Enclosed fully-furnished upper saloon
- Single-level living with aft galley area
- Hinged aft window from galley to cockpit
- 13.5kv Generator upgrade

- Spacious forward master cabin with king size bed and overhead glazing
- Port and starboard mid-ship guest cabins (starboard with double bed conversion)
- Lazarette or crew cabin with full-width aft glazing
- Powered Tendam sunshade
- Tender Launch System
- Only 85 hours
- Twin independently adjustable helmseats
- 2.5m pasarelle and air-conditioning
- Heating and cooling a/c throughout

Walk through this Targa 50 GRAN TURISMO and you'd be forgiven for wondering where all the space has come from. During the design stages, Fairline's brief was to maximise room sizes and head clearance, even if it meant going back to the drawing board. Which they did, many times, until they were happy that they had created rooms with a spacious 'luxury apartment' feel. Of course, this is a true GRAN TURISMO and the smooth-sliding roof, sweeping panoramic windows and rear glazing that simply glides up and out of the way, opens the whole boat to the world around you

'Escapade' is a truly fantastic example which has been well-maintained by her owner, and offers a superb boating package to include full navigation package and an extensive list of factory installed options.

Tax Paid - Lying Conwy Marina, North Wales – Call Phil Jones (Yacht Broker) on 01492 580001 to arrange a viewing.
