Construction, Mechanical and Rigging

Construction:

Sadler Starlight 39, built by Sadler Yachts of Poole in 1990/91 to a design by David Sadler and Stephen Jones.

Launched and commissioned January 1991.

Hull/Build No: 14

GRP hull, deck and superstructure. Hand Laminated hull with full length interior moulding to give strength. Hull contains polyurethane foam which provides buoyancy and is unique to Sadler/Starlight construction. It also contributes to strength and provides effective thermal insulation.

The deck has an effective non-slip pattern moulded in and is securely bonded to hull, using aluminium toe-rail.

Highest quality materials were used in the moulding process to give protection against osmosis.

Fin keel with solid lead wing keel bolted through a deep laminated stub, using stainless steel studs. Antimony-Reinforced lead ballast.

Rudder is skeg mounted for strength and directional stability

Wheel Steering.

Mechanical:

Ford Mermaid Meteor 56hp 4-Cylinder diesel engine (1991), sea water cooled, conventional shaft drive to a Maxprop feathering propeller.

Teleflex Marine morse controls

Rope cutter

Last serviced April 2018

Electrical Systems:

12v & 240v systems.

4 x 12v 110a/hr Batteries (2008) - Switched

Accommodation

6 Berths in 3 Cabins

Overview:

While some customisation was available to the Starlight 39 this vessel has been fitted out as per the designer's original plans which is far the most sought after. This consists of a forward cabin contain a double V berth with infill cushion and an on suite heads compartment with a manual marine sea toilet, vanity basin and shower. The saloon has a further two settee berths with a central fold down leaf table. Aft of this seating area there is a forward facing chart table and navigation position to port and a galley to starboard. Aft of these is a bulkhead with doors leading through to a large double cabin to starboard and an aft heads compartment to port containing a manual marine sea toilet, vanity basin and shower in a similar layout as the forward heads. A further door leads from the heads directly into the aft cabin so making this an en-suite and day heads.

Forward cabin

Large double berth in fore-peak.

En-suite heads compartment with Jabsco toilet, Basin, and shower. Hot and cold pressurised water. Adjacent seat and hanging locker.

Saloon

Light teak solid wood interior with Grey/Cream upholstery. Central dining table with folding leaf extensions, seating to both port and starboard. Cherry and Holly teak flooring throughout.

Galley

Plastimo Neptune 2300 two burner gas cooker with oven and grill. Fridge (Keel cooled), Double stainless sink c/w Hot and cold pressurised water, and large built in cool box.

Navigation area

Forward facing full-size chart table with stowage beneath, and under seat. 12v and 240v switch panel. Navigational instruments

Aft cabin

Large double berth with vanity unit and hanging locker. Access to heads from aft cabin.

Day Heads

Heads compartment with Jabsco sea toilet, washbasin, and shower. Hot and cold pressurised water.

Eberspacher diesel heating with 2 outlets.
