Bombard Rib Bombard

Broker Remarks

A rare opportunity to acquire an immaculate 550 Bombard RIB...Just arrived!!! This 2010 Bombard Explorer DB 550 RIB is powered by a Mercury 60hp EFI 4-Stroke Outboard Engine. This is a fantastic RIB package and ideal for a first-time buyer. The Bombard 550 RIB is great for cruising and exploring the North Wales coastline and having fun. It has great performance and cushioned seating for your comfort. The sun is shining and there is no time like the present. This Bombard 550 RIB is a perfect, exciting boat for any boating enthusiast. View it at Conwy Marina.

Construction, Mechanical and Rigging

Construction:

Bombard Explorer DB 550 Rib, built by Bombard Ribs in 2010.

GRP hull, deck, and internal superstructure

PVC Inflatable buoyancy tubing - Decitex 1100

Bombard sportsboats are crafted from 1100 Decitex 'Strongan' fabric which is significantly tough. It has been perfected to retain its original character even after years and years of prolonged exposure to ozone and the sun's UV rays. It is particularly airtight and designed for the marine environment.

Tubes sealed using thermobonding technique to ensure a long lasting seal between the fabric seams. This fuses the fabric together, as well as welding the inner and outer joining strips in a fully-automated heat-fusion process. This is a very reliable construction method, making a permanent seal at the seams, which can be seen immediately from the excellent finish.

Mechanical:

Single Mercury EFI Four Stroke 60hp petrol outboard engine with 3-bladed painted aluminium propeller.

Mercury throttle controls

Standard dash instrumentation to include RPM, engine hours, and fuel gauge.

98 hours on the engine

Engine serviced May 2019

Full service history

Layout:

Steering console offset to starboard c/w handrail and windscreen

Double bench seat for helm and companion behind console complete with armrests

Bow seating

Forward facing single seat directly in front of the console
