Accommodation

4 Berths in 1 Cabin

Moving around on the boat is easy. The unique and innovative back-sliding step offers an easy access to the bathing platform or can serve as an additional entrance to the cockpit. Additional ventilation and spaciousness are both ensured by the **electric cabin roof**, which can be lifted up to 15 cm to ensure additional height, as well provides additional fresh air in the cabin. This is really a unique feature that will help you avoid the humidity inside the cabin.

The most attractive feature of the boat is definitely the hydraulic hardtop roof and including side sliding doors, which is currently the best solution available on the market. The roof can be closed at a distance of up to 30 meters in less than 30 seconds, so that the boat is completely protected from all the external influences, such as rain, leaves and other dirt.

Remarks :

We present 'Bella Regatta', a 2016 Alfastreet Marine Energy 23 Cabin SPORT Prestige Line model with Mercruiser 4.3 MPI (220 HP) and Bravo 3. The engine has 40 working hours and the boat is in great condition. This model has the most luxurious Mahogany interior and comes with a lot of equipment, including the Hydraulic hard top roof, Lewmar bowthruster, and Raymarine T7000 Chartplotter. Lying Cheshire. Call to arrange a viewing.
