## Remarks :

We present a rare and wonderful Sigma 41. Designed by David Thomas, these vessels, built by Marine Projects are extremely strong and built to the highest quality. Designed for fast cruising, these vessels have won many long-distance races around the world and kept their crew very safe. This example has had 3 owners from new with the current ownership spanning 13 years. You can clearly see the boat has had plenty of time and effort put into her over the years and is raring to sail again. Lying Port Dinorwic, North Wales.
