Remarks :

We present Ventura. She is a well presented Bavaria Queenline Yacht. With only 2 owners from new, she was purchased in 2004 by her present owners and is currently berthed at Conwy Marina.

Ventura is easily handled by a 2 person crew with all lines leading back to the cockpit.

The Queenline version means that following the construction this vessel was modified by Baltic Yachts. To include, a beautiful blue hull, teak deck (replaced 2017) and full suite of Raytheon instrumentation fully integrated with chart table repeater which is now linked to a Digital Yacht computer system with many great features.

Current owners have enjoyed many years of extensive sailing throughout the Irish Sea and Ventura is a perfect example of a vessel that's fully loaded making single-handed sailing safer.
