Headroom approx 6'2"

**Remarks :**

This is a nice example of an Orkney 24 Day Fisher, she is in fantastic condition and offers a range of uses. She can be used as either an out and out fishing boat or a comfortable sea going weekender, she has comfortable accommodation for up to two people, with a small galley and separate heads. The boat benefits from having hot pressurised water and Eberspacher diesel fired cabin heating for those colder days in the winter.

This Orkney 24 Day Angler is powered by the very reliable and trusted Volvo Penta KAD 32 180hp turbo charged & super charged diesel engine. This gives excellent performance with a great mix of speed and economy, she will do 26 knots or happily cruise at 15 knots.

The boat has been well maintained and upgraded most noticeably the new battery bank, chartplotter and bellows replacement in recent years.

This is the perfect boat for the keen fisherman and will also be comfortable to accommodate the wife on the sunny days in and around the picturesque ports here in the UK.

The marina berth that she is currently moored on can be transferable to a purchaser subject to the marina terms and conditions, the fees are paid until April 2019!!
