Settee berth to starboard
Twin quarter berths aft to port & starboard

Head linings have renewed summer 2015!!
LED lighting (new 2104)
Cabin carpets replaced in 2014

Remarks :

This is a well equipped Westerly Longbow; she has had lots of upgrades throughout her time on the water!

The usual Westerly sag is a thing of the past on this boat as her head linings have been completely replaced in 2014 and look fantastic!

She had a replacement Yanmar 3YM30 diesel engine circa 2006, and with approximately 350 engine hours, there was also a new mainsail purchased in 2014, a good quality stack pack and sprayhood as well.

This Westerly Longbow has solar panel charging with Marlec charge regulator; there is also a 1500 watt inverter and shore power system.

Internally there is an excellent accommodation for up to 5 berths, generous heads, an adequate galley and the comfort of cabin heating. The galley comprises of a modern two burner gas hob, grill and oven. There is also a refrigerator, a second coolbox, sink and ample cupboard storage.

If you are looking for a well equipped Westerly Longbow, then you should indeed be

reading this boat spec and making arrangements to come and view her.
