Remarks :

The Sadler 29 is a popular model she has twin GRP skins, which have closed foam cell buoyancy, which makes this yacht unsinkable. Sadlers are well known to be a safe family cruiser, they perform well and handle superbly. The Sadler 29 is quick yet very stable; they are excellent in all sailing conditions either in light winds or a blow. Yachting monthly reviewed the Sadler 29 and said: "it would be hard to find an easier boat to sail, she feels as though she could cope easily with bad weather".
