Hand basin with hot & cold water
Ample stowage
Large opening deck hatch (recently replaced)
Portlights

Remarks :

This Westerly Seahawk is a fine example, she has had lots of money invested in her over the years and the current owners have maintained her to a high standard.

The boat is well equipped and is in ready to sail condition. The interior is in fantastic condition for her age and has all of the comforts of a modern boat. She benefits from diesel fired cabin heating, refrigerator, good modern cooker, shower & hot & cold pressurised water. The portlight windows and deck hatches have all been replaced and there is also the benefit of having a full cockpit canopy enclosure.

Owners Remarks:

We've owned Savigny for just short of four years, alas she has been under used but always maintained and well cared for.

Time allowing, we have found her a very comfortable yacht to live aboard, in fact any new owner will be most pleasantly surprised at the level of accommodation and facilities.

As for sailing she may surprise again, having sailed her from Grimsby to Plymouth within the last months over which half was single handed she looked after me very well covering good ground whether under sail or motor. She easily averaged over 6 knots on each leg of the passage.

Savigny is a sound yacht for all occasions, at port passing time below, at anchor enjoying her spacious decks and at sea making passage. Set the sail plan to the conditions and enjoy!
