Remarks :

This Princess 415 has been in one ownership since new, she has been well cared for

although does need a little updating. She is largely in original condition, her interior joinery is in excellent condition for a boat of her age, the upholstery is also in good condition, although the carpets could do with being replaced. The hull has been professionally cared for by a GRP expert and really looks the part, the boat has been wintered on the hard standing during the winters for almost every season since new, she comes with her own props/stands. If you are interested in this boat please CALL our office to discuss her details further.
