Mechanical and Rigging

Construction:

GRP constructed sports boat with white topsides and black hull striping.
Flared bow with moulded spray strakes below water line to increase grip at high speeds.
Hull and outdrive antifouled prior to launch in May 2017.
V-Transom with inset for outdrive increases manoeuvrability and adds thrust.
Moulded swim platform with solid wood inlay and built in boarding ladder.
Stainless steel bow rails offer protection when sun bathing on foredeck or when anchoring.
GRP arch with grab handles and mounts for GPS antenna, horn and TV aerial.
Large self bailing cockpit with moulded non slip surfaces. Pop in carpets with "Teak" effect pattern.
Companionable seating area to rear converts to large sun pad.
Double helm seat with excellent all round visibility.
Chaise longue recliner to port.

Engine and Electrics:

Vessel powered by an inboard petrol Volvo Penta 5.7GXi, 320hp engine.
This 8 cylinder, fresh water cooled unit is fitted with a Volvo Penta Neutra Salt system to protect against corrosion.
Volvo Penta DPS-A Duo-prop outdrive leg with stainless steel propellers.
Sterndrive completely overhauled in 2016 including seals, bellows, hydraulic pump, rams and repaint.
Engine is well maintained with most recent service in May 2017 with new filters, oil, plugs, HT leads, coil and distributor.
Stainless steel one piece "Hi Tek" exhaust manifolds fitted in August 2016.
The engine has completed around 300 hours and situated in bay beneath cockpit sole.
This allows easy access for servicing and daily checks.
Sporty helm with wooden wheel and engine gauges. Gauges replaced 2016.
New Lenco Trim Tab actuators with LED indicators and auto retract function 2016.
New anodes fitted to leg, trim tabs, exhausts and heat exchanger 2017.
Bank of 2x12V batteries replaced in 2015.
These provide dedicated engine start and domestic power.
Batteries recharged via engine alternator or battery charger when on shore power.
Inverter fitted to convert 12V power in the batteries to 240V when at sea.

R4B79 road trailer with new axles, brakes wheels and tyres in Dec 2016

Accommodation

Below decks is beautifully appointed with high gloss, cherry stained cabinet work and cream leather upholstery.

There is not a lot you can do with the interior of a 25 foot sports boat, but Doral have managed to make this interior feel bigger, lighter and more comfortable than her competitors.

The aft berth is spacious, well ventilated and well lit. This is a space not designated for the "kids" but a comfortable sleeping area with a well upholstered mattress.

The heads is to starboard with sea toilet, holding tank with macerator, sink and shower. This easy clean area is spacious and bright with good ventilation.

The galley is to port and features an electric hob, microwave oven and front loading refrigerator. Plentiful cupboard storage above and below.

Large U-Shaped seating area in bow with dining table. This converts to a very spacious double. Opening foredeck hatch for added light and ventilation.

Boat fitted with Webasto heating unit to extend the season and reverse cycle air conditioning for when it is too hot.

TV with built in "Freeview" and external antenna. DVD function.

Remarks :

Sleek, stylish, sporty are a few of the words that can be used to describe the Doral Monticello 250SE. The 24 - 26 feet sports boat market is very competitive but the Doral has the edge in terms of luxury and attention to detail.

"In2Deep" is a fine example of this and comes with an inventory list that is both extensive and more importantly useful. As well as the excellent electronic navigation aids there is the added bonus of a twin axle road trailer allowing new cruising grounds to be explored or the added bonus of taking the boat home in the Winter.

Speaking of which, as well as the full cockpit enclosure and mooring tonneau there is a full Winter cover which keeps the boat dry and dirt free when being stored.

Large cockpit with adjustable configurations depending on use, large solid wood inlaid bathing platform and pop in carpets add comfort and class.

Below decks sleeps 4 with ease and features hi-gloss cabinet work and leather upholstery.

Well equipped galley including hob, microwave and fridge. Large heads with sea toilet, holding tank and shower. Complete with heating and air conditioning.
