Opening ports
Hot and cold pressurised water system
Webasto Diesel Heating with additional outlet to cockpit

Remarks :

New to the market a lightly used example of Jeanneau's Leader 30. 'Power Play' has just 70 hours on her engine. Very well specified with Diesel Heating, Raymarine Axiom Plotter and AIS. She even comes with the extended Volvo Warranty giving the new owner 4 years peace of mind. The 2017 (2018 Model) Jeanneau Leader 30 is both the smallest in this model line and is the only open Leader—but there’s no doubt, it’s still a Leader. Sparkling performance of 30+ knots, contemporary lines, very clever use of space and exceptional finish makes this boat feel a lot bigger and accomplished than you expect. The Leader standards run right the way through the range, so you get the same level of quality on this boat as you do on the 46. The spacious cockpit is on a single level and provides a huge social area which easily converts to create a sunpad without losing your seating. Down below there is a spacious and light saloon, heads, galley and aft cockpit which can be a twin or double. This Seavision version has wide hull windows and large skylights throughout giving it a very light and airy feel, you won't believe it's a 30 footer. A walnut finish throughout completes this fine looking boat.

This boat is now available to view 7 days a week at our Brighton Marina Office. It is a stunning model which must be viewed!
