Remarks:

Cloren III is a Princess 45 of 1989 Vintage. These ubiquitous cruisers are renowned for their sea keeping qualities because of the Olesinki designed Hull and for the amount of interior space, truly Tardis like. This example has been used as a home for the past few years and would benefit from some updating. Having said that the amount of boat you get for the money is astonishing. Cloren III is priced competitively to attract early attention.
