Remarks :

Sun Fizz 40 designed by Philippe Briand has proved to be one of Jeanneau's most popular yachts, always in demand but always in short supply. Designed for long range fast passages the Sun Fizz 40 still has the ability to outpace many younger yachts of a similar size.

A build up of antifouling was removed using the farrow system to grit blast it last year and the hull re-epoxy coated in winter 2016. She has been looked after and represents great value for money.
