Remarks :

Utilising a very clever deck arrangement, this tidy Nautitech has a wide sliding door, offering light into the saloon in the daytime, and a glamorous feel when moored in the evenings. With two helms - one on the aft of each hull - it frees up the space in the main cockpit area, making this catamaran feel much more like a Lagoon, without the price tag.

She is well looked after, spacious, and clean. This is the perfect catamaran for cruising the Ionian, particularly if you're expecting lots of guests.
