Remarks :

This incredibly strong, spacious and well appointed boat is ready for an adventurous

expedition maker. Constructed under surveyor supervision and with every conceivable extra for long distance cruising this yacht awaits a new adventure. Her ketch rig and self tacking stay sail make for a simple and easy to use short handed sail plan while her massively strong hull construction lends itself to high latitude adventuring. Complete with generator, wood burning stove, washing machine, thickly insulated hull, strong hydraulic anchor winch, hydraulic bow thruster, extra large fuel and water tank capacities and even an hydraulic driven dive compressor this really is an expedition ship.
