The Salina 48 Evolution's galley is a dream for offshore entertaining. With dark Corian work tops, a four-burner stainless steel stove, brushed stainless steel sink, bar, customised timber cabinetry the galley sets new standards in marine design.

The Salina 48 Evolution also features an improved saloon with an elegant dining table that seats eight guests, which converts to a coffee table to optimise the spacious lounge area. The catamaran has been redesigned to maximise space and storage in the passageways, while larger portholes afford even more natural light and unforgettable views. A redesigned, raised steering station is fully protected from the sun and seats three people featuring direct, ergonomic access to the cockpit. Also, with the cockpit, saloon and steering station seamlessly integrated, the Salina 48 Evolution enables the helmsman and guests to enjoy easy, uninterrupted communication. A decadent sunbathing deck at the aft of the Salina 48 Evolution enjoys exceptional protection from the elements while underway and provides yet another idyllic setting for relaxation.
