- Avon Tender
- Tohatsu 4HP 2 Stroke Outboard Engine

Remarks :

Custom-built racer-cruiser.

Wild Woman is a rather special racer/cruiser, a one-off design built to the current owner's specification.

She has benefitted from continuous maintenance including two refits (2003 & 2011). She has also been winterised for 5 months every year. Her current owner is a very passionate sailor and as a result, the boat is superbly well equipped with everything you would need for ocean sailing. She is extremely light on the helm and a real beauty to sail. Her teak deck was replaced in 2011 and she comes with a generator, watermaker, tender & outboard, Carbon mast and spinnaker poles, and a great set of sails. The engine was completely rebuilt and also new upholstery in 2016.

Wild Woman was built to the owner's specification with performance and comfort in mind. She comes with a good suit of sails. The main gib and genoa are from North sails plus three sets of spinnakers and cruising chute.

HIGHLIGHTS

- The teak deck was replaced in 2011
- Carbon mast
- Generator
- Watermaker
- New upholstery in 2016
- EU VAT paid

She participated in the Expo 98 Round the World Rally, which was organised by the ARC founder Jimmy Cornell, and has since been involved in much racing on both sides of the Atlantic.

She is now seriously for sale and looking for a new adventure.
