Remarks :

Nab 38. Built-in 1976 as part of a collaboration between Hallberg Rassy and Nautic-Borchetts of Germany, this particular example had the interior professionally finished by Atlas marine in Hamble. This is a good example of a blue water cruiser which is well suited to Mediterranean waters with plenty of space for sunbathing whilst also providing shade for when the midday sun gets too hot.

Highlights

- * Electric toilet fitted
- * New custom made cushions (2019)
- * In-mast furling
- * Eberspacher heating
- * Solar panels
