## Remarks :

This **Nauticat 42** is a very well built ocean fairing yacht, designed and built to a high specification, as a comfortable cruising or live aboard boat, suitable for use in both hot and cooler climates, with copious amounts of storage, cupboards and lockers to accommodate the most discerning.

It is understood that the boat has had two previous owners. (2001-2004) and (2004-2015) and has been very well looked after and maintained by its previous and present owner.

Down below the boat is a joy to behold, with all the comforts of good living, and comfortable accommodation.

The beautiful joinery throughout the boat is practically unmarked, its upholstery is all original and in very good condition, as it has been fitted with hard wearing custom made covers.

It is a very enjoyable boat to sail, easily handled by a couple, assisted by powered winches and sailing systems. Deck access around the boat is uncluttered and safe with nothing to climb over from the cockpit and its port positioned helm gives both good sailing sight, and maximum weather protection.

Its current owner has sailed it single handed since its purchase, and has found it to be a very comfortable and forgiving boat to sail.

On board, there is a very extensive and up to date library of manuals and instruction books, for every item of equipment, mechanical, electrical and leisure.
