- Hob, 3 burners
- Oven
- Grill
- Galley Sink x 2
- Refrigerator x 2
- Water System - pressurised
- Stereo - Bose
- TV - Samsung
- DVD player - samsung

Remarks :

The Nauticat 33 is a longstanding model built by Siltala Yachts of Finland. Constructed to

withstand the Stormy Baltic seas, these 10m Motorsailers are both stable and secure.

Built in 1983, this Nauticat has been meticulously looked after and has been shown a lot of love and care. Remarkably spacious and comfortable for a cruiser of her size, she is ketch rigged and in excellent condition.

The interior live aboard layout provides two very comfortable double cabins with larger than normal berths, a light and open galley and a pilothouse with clear all round visibility has a table to seat six and a comfortable inside steering position.

A generous toilet compartment and large separate shower adds to the comfort on board.

The live aboard layout provides both comfort and storage whether for extended periods aboard or for cruising.

Full instrumentation both in the cockpit and the inside steering position provides a choice of steering positions.

Furling genoa and fully battened main with lazy jacks facilitate sail handling.

This sturdy and secure, motorsailer appeals to those who value a big engine that takes the effort out of fighting a headwind and the sheltered wheelhouse that offers safe protection.
