Inventory

Fully complete for cooking food and a lot of tools for maintenance and service.

Accommodation

Two cabins and a large saloon/wheel house

One large cabin forward down some steps with and single berth to port.

This cabin could easily convert to a double.

To starboard a large heads and shower

Access to engine room via port side.

Owners have fitted this cabin to access navigation information.

Lots of storage.

Main saloon

Interior helm position and side access to starboard

Large dining table and convertible settee to port side.

Upholstery is presently being replaced.

Wood liked floors.

Galley, cooker and fridge are to starboard. Twin stainless sinks aft.

The large windows give excellent all around vista and the whole area is very pleasant.

There are some step down to open plan style aft double cabin. Lots of storage around.

There are some steps up to raised aft deck and outside steering position.

The area is shaded with a bimini and gives great viewing when sailing and navigating the yacht.

There is a boarding ladder on the stern and a stainless steel gantry supporting solar panels.

Remarks :

Swedish Custom built Motor Sailor. Very similar in style to a "Nauticat". She is equally at home in Northern waters at -20° C or in the Med. at +40°C. Her accommodation is light and airy and well designed for living aboard. Her shallow draft makes her ideal for travelling through the French canal system. She has already made this trip with the 12M mast sitting easily on the coach roof.

Launched 2003

She is Swedish registered and all taxes are paid.
