- Oven

Remarks :

As one of the most widely sought after builds from Jeannneau; this particular Sun Odyssey 52.2 comes with the charter and entertainment layout which consists of 4 cabins and 1 crew cabin, all with their own facilities.

Built for both pleasure and performance, she is sturdy yet comfortable. The partition between the 2 forward cabins can be removed, creating a large and luxurious master cabin. Although built in 1998 she underwent quite a major refit starting in 2016 with many new upgrades and has been very well maintained since.

A VETUS bowthruster has been installed along with a new Yanmar TURBO engine and Lofrans electric windlass. The life raft and tender were replaced in 2017 and many of the other safety equipment has been upgraded.
