Remarks :

Broker Remarks

The **Feeling 1090** has always been the most popular model of the **Feeling** range. Thanks to the spacious saloon, comfort, practical layout and the excellent sailing performance. The **Feeling 1090** we offer is the practical and very nice 3-cabin version, and is in a beautiful and complete condition with lots of recent improvements.

The **Feeling 1090** has a beautiful design with a large foredeck and wide side decks. The cockpit, with wheel steering offers a great place for the entire crew when sailing and in the port. The sails can be handled from the cockpit. Furthermore there is a traveller which is

fitted against the superstructure, this way it is not a obstruction in the cockpit. The necessary navigation equipment has been installed including an autopilot.

The interior has a practical layout and is very spacious. At port side is the large U-shaped galley. Another nice aspect of this **Feeling** is the large and comfortable settee in the saloon. In the fore peak and in the aft cabins are double beds.
