A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

Remarks :

Vancouver 27: A famous pocket cruiser. Well, set up for single-handed cruising. An encapsulated lead keel, external hung rudder, long keel. A beautiful example of a true ocean-going yacht. Many recent additions to the yacht.

Perfect for sailing off immediately. The owner Clark Stede, 1989 - 2002 Skipper of the first circumnavigation of the entire American continent via the Arctic and Antarctic, has chosen this safe boat for a one-handed trip. The ship is completely overhauled, painted inside, engine overhauled and the antifouling for repainting on board. The design is safe and practical.

All ropes can be operated from the cockpit. Powerful wind self-steering system with protective bar etc .

Vancouver 27 is a blue water legend e.g. she went single-handed non-stop around the world, many circumnavigations and extreme trips in the far north.
