Remarks:

The Oyster 39 built by Landamore's in Wroxham, Norfolk and designed by Holman & Pye was extremely popular due to her excellent accommodation for a yacht of this size. One of the best-known examples, Morningtown, was a radio relay vessel throughout the 1979 Fastnet storm and stayed at sea, without incident, in some of the UK's most severe weather. This Oyster 39 is very good example of a superb live aboard yacht.
