Remarks :

It's not often that a Westerly Regatta 290 Bilge Keel pops on to the market, with only 13 Regatta 290's built. Picante has all the hallmarks of the Regatta 290 designed by ED Debois, with the beautifully crafted wood interior. She is a superb example of a sail cruising yacht with the added ability to dry out on her twin keels. She has been meticulously looked after by her current owner.
