Forward V Berths / Seating area

Various Storage

2 x Helm Seats

Dashboard with Engine and Steering Controls, Engine Dials and Electronics

Blow air heating

Aft deck has live bait well, various seating and loads of room for fishing.

## Remarks :

**Quicksilver 630SD - Fitted with a single Mercruiser 1.7 Diesel engine, mated to an Alpha 1 Sterndrive.**

'Calisa' is a very rare example of the Quicksilver 630. Her diesel engine will push her to 28+ knots, and will be extremely economical on fuel when compared to a petrol powered alternative. Very low hours - only 358, and serviced annually.

She boasts loads of space on the aft deck for fishing, and a small cabin forward which gives an ideal space to hide from the elements, to store fishing gear or just sit and have a cup of tea! Blow air heating for winter use.

A live bait well at the aft of the boat is perfect for keeping fresh bait.

Well looked after, and currently afloat ready to fish.

Comes complete with a fully refurbished twin axle road trailer and various electronics (VHF, Fishfinder, Chartplotter)
