Access via ladder
Helm Station
Storage
Large Area for fitting out

Engine Room:

Excellent access to the engines
Excellent access to the Generator
Batteries
Water Pump
Misc Ancillaries
Huge Stern locker

Remarks :

Janjilla is a Bruce Roberts Waverunner 52, Version A with an Aft deck on the same level as the saloon.

A strong, sturdy displacement cruising boat - boasting huge interior accommodation and fine seakeeping abilities.

Janjilla would make a fine liveaboard - with interior space similar to a three bedroom house. A massive Saloon / Dinette area, Large U shaped galley, Two Double cabins and a side cabin with two single bunk beds.

Two toilets, one ensuite to the Master cabin, and the other serving the remaining cabins.

Powered by twin shaft drive Perkins diesel engines, and has a 5KVA Diesel Generator built in.

She requires some cosmetic paintwork to the outside, and the impressively sized flybridge area needs work. This is reflected in the asking price, however, she would make a stunning cruising boat.
