Remarks :

Pegasus 800 built in 1979 benefitting from a replacement Beta Engine in 2013 - with low hours.

The Pegasus was designed to give you the comfort of a cruising boat, with the ability to cruise and competitively race from one boat. Her interior is exceptionally well planned, with berths to sleep six with a galley and toilet.

Aphrodite II has been well maintained by her current owners, benefitting from a replacement diesel engine in 2013.
