Remarks :

This is a lovely example of a Cigarette motor yacht initially designed by Don Aronows based on a 1977 design she is stunning. The hull of this boat was fully renovated and repainted in 2014. Monte Carlo Marine constructed the whole upper part of the motor yacht in 2014. We feel she is perfect for someone who loves speed on the water, as this is not an ordinary boat. Cigarette brand powerboats are the ultimate offshore powerboats expressing legendary sea keeping qualities at speed. A Cigarette boat is designed by artisans, craftsman and engineers, working hand-in-hand. Royal Flash is the combination motor yacht between Cigarette brand and the Monte Carlo Yachts philosophy. All the upholstery has been changed and antifouling in spring 2018.

Open space is divided into three spaces. - At the front is the perfect area for taking sun, but also for having a drink. Space for seven people seated. She has also a small wooden table with two chairs extra, it is possible to open them when needed. - The second area is a dining space, one dining table for 6-8 people. - Third space is behind the console for taking the sun and enjoying the ride, and is for 4-6 people seated.
