Remarks :

English

Jeanneau Sun Odyssey 54 DS 2005 model year commissioned and launched in 2006. This

Yacht has a blue hull and teak decks. In mast furling is standard, and she has many extras. Sleeping six comfortably in three cabins with the owner's cabin cleverly positioned forward. The aft cabin divider is removable though which would make a big aft cabin if needed. *Fluenta* is very well presented, having just two owners from new. This 54 DS Yacht has a full Mediterranean specification that includes air conditioning and a generator. The owner has said to us that everything on the yacht is included in the sale price. We do recommend a viewing of this beautiful yacht, she was one of the best designs ever build by the Jeanneau yard. We are very close to Barcelona International Airport so why not come and visit?

Spanish

Jeanneau Sun Odyssey 54 DS 2005, modelo puesto en servicio y lanzado en 2006. Este yate tiene un casco azul y cubiertas de teca. El sistema de mástil es estándar, y tiene muchos extras. Pueden dormir cómodamente seis personas en tres camarotes con la cabina principal inteligentemente posicionada hacia adelante. El divisor de cabina de popa es extraíble, para crear una cabina doble de popa si fuese necesario. *Fluenta* se presenta muy bien, habiendo tenido solo dos dueños de cuando se compró nueva. Este 54 DS Yacht tiene una especificación mediterránea completa que incluye aire acondicionado y generador. El propietario nos ha dicho que todo lo que está en el yate está incluido en el precio de venta. Recomendamos una vista de este hermoso yate, ella fue uno de los mejores diseños contruidos por Jeanneau. Estamos muy cerca del Aeropuerto Internacional de Barcelona, ¿por qué no venir a visitarnos?
