Accommodation

Below on our Bavaria 36 Yacht, you will find a nice cream color scheme with blue cushions. The interior wood is in a dark wood finish. This dark wood is as you will find on many Bavaria Yachts of this year. A two-burner gas hob with the oven is the main feature in the galley. This oven is also on a gimble. The yacht benefits from a portable microwave and a standard fridge.

The heads (toilet) are manufactured by Jabsco. Bedding will be included in the asking price. It consists of four Duvets, four Pillows, six-bed linen sets (mattress sheets, duvet covers, and pillowcases). This Bavarian Yacht is a three cabin version with the owner's cabin situated forward.

Remarks :

This is an excellent example of the ever-popular Bavaria 36 Sailing Yacht, built-in 2005. Her condition is exceptional. Indeed, she is a credit to her current owner. She has only been used a few times in recent years during the summer months. This Bavaria 36 is available for viewing with us anytime. Lying in Port Ginesta Marina and just 10 minutes from Barcelona El-prat Airport. Bavaria Yachts, built for many years, favored by charter companies because of their reliability and simplistic engineering. They are probably one of the most reliable yachts on the market today. 2005 was an excellent year for production. This is one of the best examples. Boats built after 2008 were not finished in quite the same way, although hull and structure quality remains excellent. Many Bavaria yachts have cruised the oceans and remain one of the best-selling production yachts ever built.
