### Remarks:

This is a beautiful example of a Sunseeker Manhattan 64, very well built and equipped for the Mediterranean. The lines of this design are classy elegant and sober. The semi-planing hull is built in GRP following in the continuity of the brand Sunseeker. The concept developed by the manufacturer combines comfort and safety in navigation. The yacht is particularly well maintained by the owners and his crew.

Washer dryer

### **Remarks :**

A beautiful example of a Sunseeker Manhattan 64, and as expected she is very well built and equipped for Mediterranean use. The lines of the design are classy elegant and sober, combined with a semi-planing hull, built in GRP following in the continuity of the Sunseeker brand functionality works perfectly when underway and at anchor. The overall concept developed combines comfort at rest with safety while in use on the sea.

The current owner maintains this beautiful motor yacht exceptionally well.

The Sunseeker Manhattan 64 is divided into four main operational spaces. Space is comprising of the flybridge, with an external cockpit and sunbathing area, the main forward deck and aft cockpit leading to the salon and the interior helm position combined with galley, lounge and bedrooms accommodation.

There is accommodation for eight including two in the external aft crew cabin. Owners will enjoy the luxury of this Sunseeker as she has a full-width master bedroom, a large saloon and three separate bathrooms. Other practical details are the convenient access to the flybridge and the saloon.
