Remarks :

This Dufour 335 Yacht has an extremely high level of equipment and has been fully serviced, antifouled and all seacocks have been changed in June 2019. The ITV (Spanish Survey) has just been done and now due in 2021. The yacht is available for viewings exclusively through Network Yacht Brokers.

The Grand Large 335 brings together many of the elements of its big brother the 380. Optimizing of space with great ergonomics offer great comfort below for resting crew. Nemo is certainly designed for long-distance cruising, and this stands out by the way the designers organized her living accommodation.

Up on deck, the wide-open cockpit is revolutionary, providing space and comfort usually reserved for bluewater cruisers. Sailing her in close local waters will be great fun as the Helm has full control of the mainsheet thanks to the innovative positioning of the mainsheet. The mainsheet can be unclipped from the cockpit table and moved away to allow better access in the cockpit. The set up truly gives the best of both worlds in terms of usability on this pocket cruiser-racer that has a big boat feel.

The price of this yacht includes IVA which is reclaimable under certain conditions. Part exchange considered for this yacht
