Remarks :

This is a fine Yacht a great example of the Hanse 371 Sailing Yacht. Very popular in Europe as sailors enjoy the standard self tacking jib arrangement. Hanse yachts are known for their clean, modern design combined with serious offshore sailing capability. This is a one-owner boat that has not been used in recent years.

The English owners have in recent years mostly been using the yacht as a floating caravan for summer holidays and for the occasional sailing excursions into Barcelona centre.

December 2019 Kittiwake is out of the water for epoxy hull coating other works orderd by the owner.
