This example is in excellent condition, with two private owners from new who has kept her in exceptional shape. The yacht is fully equipped with up to date electronic equipment, ready to set sail.

The actual owner bought her in Mallorca then sailed to Turkey in 2016, wintered in Kos for two years before heading across to Sicily last year. They covered over 8000nm in that time. Now he has decided to locate the boat in the South of Spain.

Last out of the water and antifouled in May 2019.
