This boat comes with two Volvo 250 hp engines each, its fuel type is diesel, its fuel capacity is 15,000 l. and its water capacity 5,000 l.

It has sonar, VHF, GPS
Cruising speed 10 knots and maximum speed 12 knots
2 Generators

Remarks :

1997 Custom Built Passengers Ship ready to start a charter business; you can have a return on what you invest in a short time.

Monohull passengers boat with a capacity of 150 pax and three crew members. You must consider that the boat has a certificate to navigate without a mechanic; it can navigate only with one skipper.

Provided with two decks, the boat is newly renovated. All interiors have been checked and renewed this year; the hull has been recently painted in blue and fully tuned. In March 2022 a second generator was installed. You can enjoy its expansive decks, and its 32 underwater windows make it a different way to enjoy our coasts.

In May 2022: The boat this week has gone dry and the blue has been painted well. One more generator has been installed since it has been requested by the Maritime Authority and this week a new sonar translator has been installed and a new VHF will also be installed. We are leaving it ready for the campaign and it is already working in Gandia.
