Mechanical and Rigging

Mechanical systems:

This Cranchi is fitted with twin Volvo Penta D9 575 HP turbo diesel engines that have completed only 843 hours as at 26th October 2020. The engines were last serviced in 2019 and there is lots of service information available. Shaft drive to fixed bronze four blade props. She has a single 1500 litre stainless steel fuel tank and will cruise at 24 knots and has a maximum speed of 32 knots. She has a Vetus through tunnel bowthruster.

Electrical Systems:

She has nine 12V batteries, 4 x domestic, 2 x engine, 2x anchor winch/bowthruster and 1 x Genset. Engine and domestic batteries were all new in 2019. All batteries charge from the alternator, 240v shore power ring main and Fisher Pender 6.0 KVA generator that has completed 252 hours and was last serviced in 2019. She has a range of 12V and 240 sockets throughout and a 2KW inverter. New battery charger fitted in 2019. All internal lighting has been updated to LED in 2019/2020.

History & Construction:

This Cranchi Atlantique 50 flybridge was built in 2007 but not commissioned until 2008. She has white GRP hull, superstructure and topsides with teak laid aft bathing platform and cockpit. She has had two previous owners and the current owner has owned the boat since the beginning of 2019.

She was last out of the water in 2019 when her hull was polished, antifouled and anodes changed. She will be lifted, antifouled, polished and anodes changed before she is handed over to a new owner. The owner is only selling due to a change in circumstances which means that he does not have time to use her and does not want to see her not be used. She was last surveyed in 2019 and all of the recommendations were undertaken prior to purchase.

Title Documents & VAT:

In preparing these details we have seen the following documentation:

- Bill of sale in the owners name
- Previous Bills of Sale
- British Ships Part 1 Registry Certificate
- Invoice showing VAT has been paid
- Invoices for work completed on the vessel

Accommodation

his motorboat provides luxurious accommodation for six people and two crew.

The forward owners cabin has a central island berth with storage beneath. Two hanging wardrobes and additional storage lockers. An en-suite heads with shower, vanity unit with storage beneath with pressurised hot and cold water. Marine heads was replaced in 2019 along with new mirrors There are portholes and opening deck hatch making the cabin light and airy. The cabin has its own air conditioning controls and TV and stereo new 2019. New mattress fitted in 2019

Aft of the owners cabin and to starboard is a twin cabin with two single berths with storage

beneath and a hanging wardrobe. This cabin also has its own TV and stereo new 2019 and air conditioning controls. New mattress fitted in 2019

Opposite is the second heads with marine toilet with holding tank, walk in shower and vanity unit with storage beneath with pressurised hot and cold water. New mirrors fitted in 2019

Aft of the second heads is another double berth cabin with hanging locker. This cabin is also light and airy with the large portholes. Again it has its own TV and stereo new 2019 and air-conditioning controls.

Moving aft and up a couple of steps you enter the very large, light and airy saloon with the helmsman position set-off to starboard and the galley to Port. The helmsman's position with its booster cushions give great all round visibility and access to an arrange of navigation equipment. New curtains fitted in 2019.

The galley opposite is well equipped with a ceramic two burner hob, microwave, large fridge and freezer, dishwasher, twin sinks with hot and cold water and lost of storage space for crockery and cutlery.

Aft of the galley is the spacious saloon area with storage cabinets to port that house the retractable TV, drinks cabinet with a large I-shaped settee opposite with cream leather upholstery.

This boat is extremely light and airy which is complemented by the air-conditioning and diesel cabin heating.

Large patio doors open on to the full enclosed teak covered aft cockpit with all round seating and storage. The aft cockpit provides access to the two berth crews cabin with its own heads.

Stairs lead up to the flybridge that has two separate seating areas with tables that convert sun bathing beds. There is a sink, fridge and BBQ on the flybridge which is real entertaining area.

The teak covered bathing platform has a Pasarelle that can also be used to lift a small rib on to the bathing platform and storage lockers.
